between Finch and Sheppard, bordered by Don Mills and Victoria Park  
**416-497-3034**

**Directions**

From the west or east -401 -exit either Victoria Park or Leslie . Go north to Van Horne which as Van Horne only goes between Leslie and Victoria Park Go along Van Horne to Kingslake. Turn north on Kingslake. First street on the left is Mosedale, so is the second because it is a crescent.

#52 is in the middle -the crescent goes around in an arc-some miss #52 because it's at a big curve. There is a small grass boulevard or island with houses behind the little island. That's Carolyn's - #52. NOTE; DON'T PARK ON THE CURVE.
